StatView was released in 1985 for Apple Macintosh computers StatView 5 0 1 can import and export SAS transport pickup files for use with the SAS system and many other packages that handle SAS transport files.. The simplicity that my students have learned to use StatView has enabled them to focus on what and why of statistical concepts, analysis and graphics.. These paid services are subject to the additional terms you agree when you sign up for the paid service and these terms.. Now StatView can calculate several measurements with several factors 3 Repeated measurements containing two or more intermediate or grouping factors need not be compensated.. You can add features or features without notice, depending on your country in section 14 or remove, create new service restrictions, or temporarily or permanently suspend or stop a service.
